

**STAINLESS STEEL FLANGE
INTEGRATION SERVICE PROVIDER
DN15-DN6000**

COMPANY PROFILE

China Xianggong Flange Manufacturing Co., Ltd., founded in 2015, is a stainless steel flange integrated service provider integrating R&D, manufacturing, sales and service.

The enterprise has excellent equipment and advanced technology, equipped with large forging press, large CNC vertical lathe, CNC lathe, CNC high-speed drilling machine, gantry machining center and a variety of advanced supporting inspection and testing equipment. It has formed a production line integrating smelting, forging and processing, and has obtained the National Special Equipment Manufacturing License (Certificate No. TS2733C25-2028), ISO9001 Quality System Certification (Certificate No. 23522QZ0056R0S), AAA quality credit enterprise and product quality standard enterprise, so as to ensure that the enterprise has more competitive advantages in product quality in the industry.

Our products are widely used in pharmaceutical, petroleum, chemical, food, metallurgy, construction, power and other engineering industries. After years of market expansion, it has also been recognized and supported by the majority of users. At present, it has been supplied to many large enterprises for projects and has become the preferred flange brand for many cooperative projects. Xianggong Flange always carries out the business purpose of "taking science and technology as the guide, surviving with quality, and developing with reputation", and is committed to becoming a high-quality integrated service provider of stainless steel flanges.

Company Products
(flat welding, butt welding, composite lining) flange, high-precision flange, large diameter flange, pressure vessel flange, tube plate, extraction tank slag door lock ring, sterilizer flange, stainless steel pipe fittings and non-standard products made according to drawings.

Product material
S30408/S31603/S22053/S31008/904L/Titanium/Hastelloy and other special materials

Product caliber
1/2"~240"(DN15-DN6000)

INTELLIGENT MANUFACTURING

FLAT WELDING FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
Flat welded steel pipe flanges , flat
welded steel pipe flanges with neck.

NON-STANDARD FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
Stainless steel non-standard flange can
be customized with a variety of materials
non-standard flange.

THREADED FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

BUTT WELDING FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
Butt welding flange is a kind of pipe
fitting, which refers to the flange with
neck and transition of circular pipe and
connected with butt welding of pipe.

BUTT WELDING FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
It is widely used and promoted in machinery
industry , chemical industry , wind power
industry and sewage treatment industry , and
is well received and favored by users.

PRESSURE VESSEL FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

BLIND FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
The normal name of blind plate called
flange cover , some also called blind
flange or pipe plug.

BLIND FLANGE

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 240" (DN15-DN6000)

Company Products:
Tube plate is a round steel drilled on a
circular steel plate that serves more than the
tube and sealing medium. A fitting that allows
pipes to be inserted and welded in place for
this purpose.

GLASS

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 20" (DN15-DN500)

PIPE FITTINGS

Product Material:
304/S30408/S31603/S22053/S31008/
904L/Titanium/Hastelloy and other special
materials.

Product Size:
1/2" ~ 20" (DN15-DN500)
